

Assignment

Athletics Professional Interview

Objective: *To conduct an interview with an individual whose career centers around athletics and gain a better understanding for their responsibilities.*

Your assignment is to conduct an interview with an individual in the area of athletics which is of interest to you personally. The interview should be arranged in person during a time which is mutually agreeable for both parties. No email or phone interviews will be accepted for this assignment. When you turn in the assignment, the following guidelines should be followed to earn the maximum grade.

- Ask at least 12 questions of the individual which should be written prior to the interview.
- Take notes during the interview to record the individual's answers.
- Write a one page or longer paper following the interview which **includes the list of questions you asked.**
- Also, **include brief answers provided by the interviewee** after the questions.
- The name of the individual you interviewed and their title should be listed at the top of the paper.
- After recording your questions and answers from the interview, **write a quick summary paragraph about something new you learned regarding athletics or this specific job through the interview process.**
- Size 12 font should be used.

The interview assignment will be worth 50 points. Spelling and grammar will also be part of your grade as these skills are vital to how an athletics administrator is viewed by other individuals.

Due Date: Thursday, April 9th
